Stationary high-pressure system over the Southeast

Weak high-pressure system over the Southwest

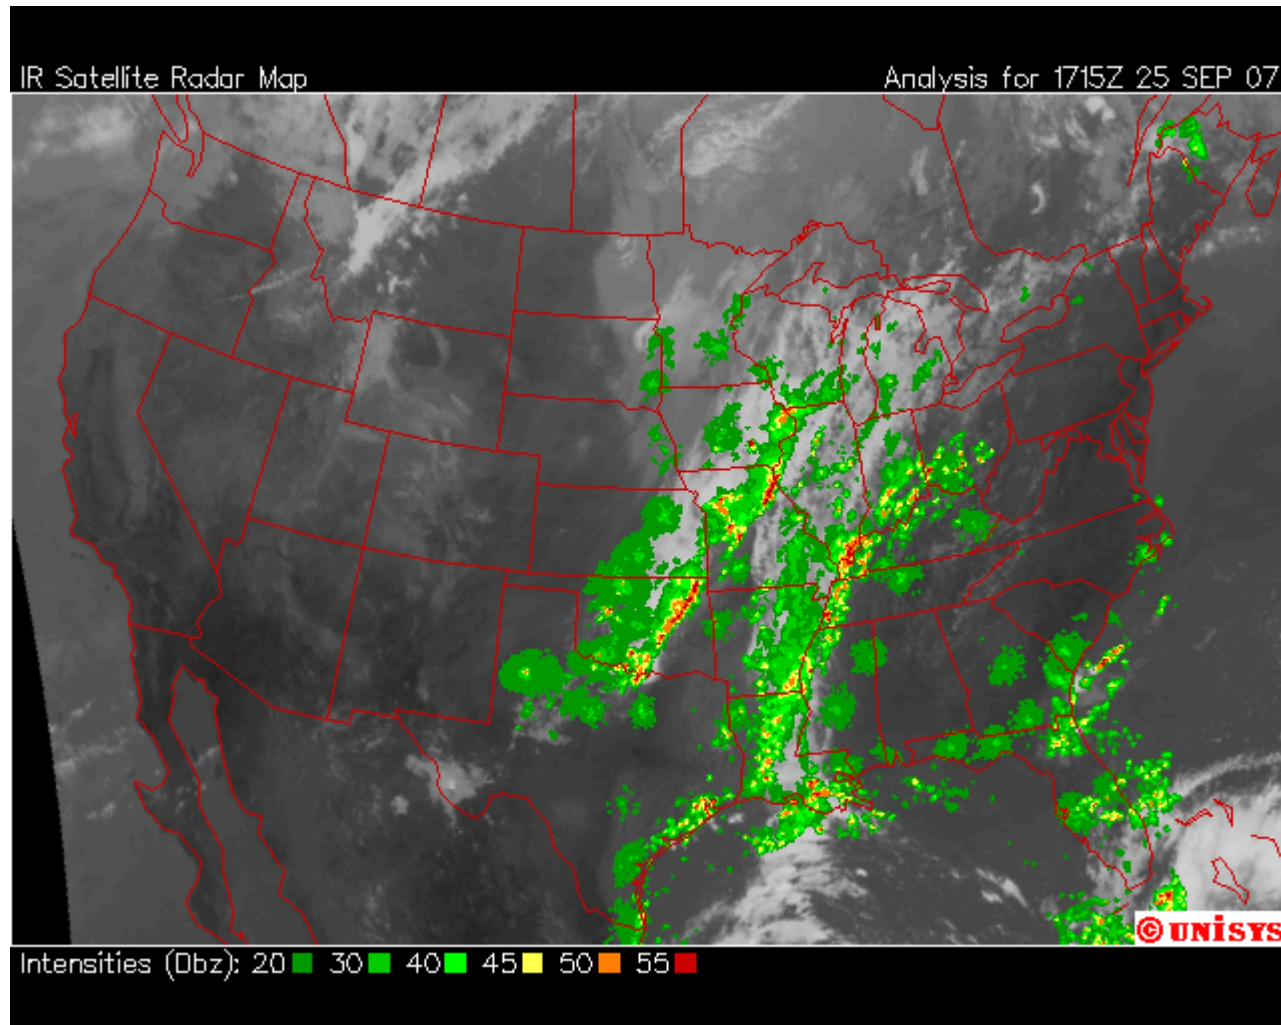

A trough of low pressure through the Midwest  
that was fed moisture by the subtropical jet stream

# 2007 High pressure & drought in Southeast

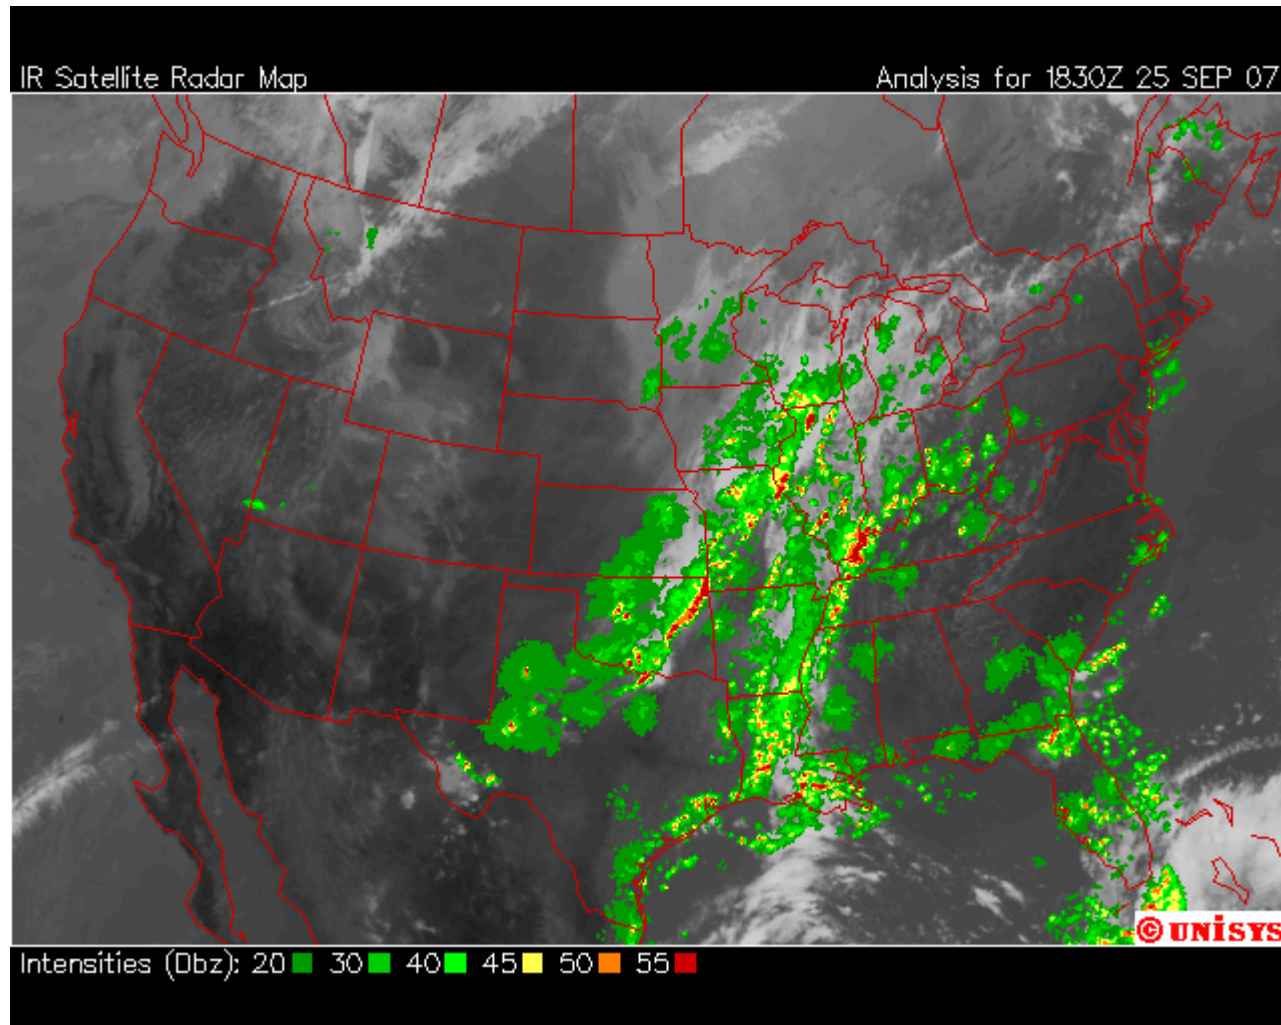

But meanwhile, look what happens in the afternoon

# 2007 High pressure & drought in Southeast

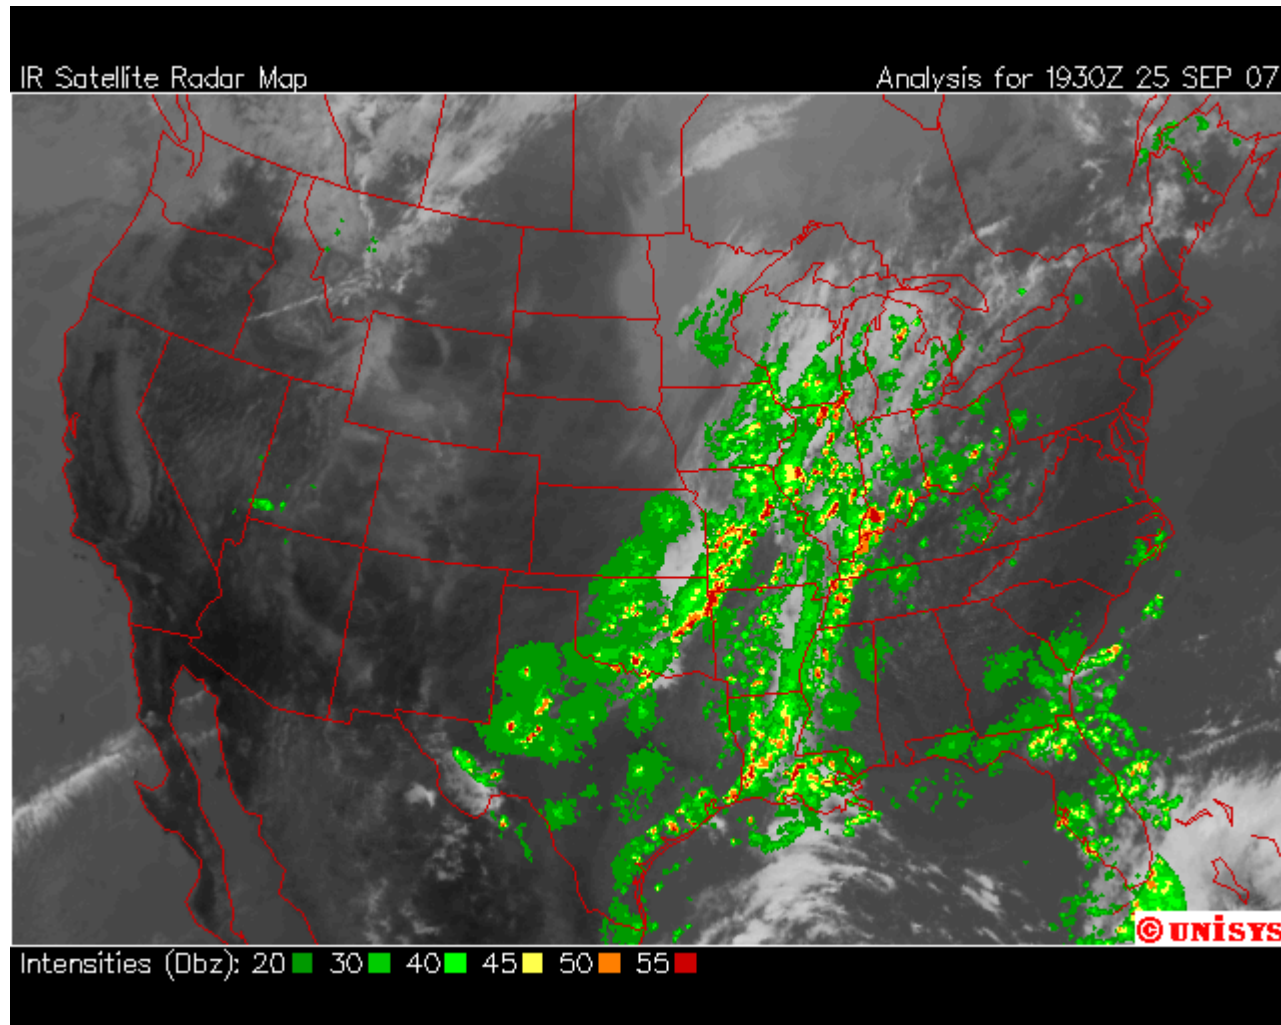

But meanwhile, look what happens in the afternoon

# 2007 High pressure & drought in Southeast

But meanwhile, look what happens in the afternoon

# 2007 High pressure & drought in Southeast
